

## What is National Board Certification?

National Board Certification is a demonstration of teaching practice as measured against high and rigorous standards.

It represents commitment to excellence in teaching.

\*Signifies exemplary teaching

\*Sets uniform standards nationwide

\*Offers professional and personal growth

\*Fosters reflective practice

\*Complements, but does not replace state licensing

\*Fulfills requirements for relicensure

# Standards Study Workshop

## National Board Certification

National Board Certification is organized around five core propositions about what teachers should know and be able to do:

Teachers are committed to their students and to their students' learning.

Teachers know the subjects they teach and how to teach those subjects to their students.

Teachers are responsible for managing and monitoring student learning.

Teachers think systematically about their practice and learn from experience.

Teachers are members of learning communities.
